

Alliance of States with Prescription Monitoring Programs

Chair Executive Board:
Adele Audet (MA)

Date: April 14, 2011

President:
Katherine Ellis (CA)

Dear PMP Administrator/Contact:

Vice President:
David Hopkins (KY)

The Alliance of States with Prescription Monitoring Program (Alliance) is proud to be recognized as the voice of Prescription Monitoring Programs (PMP) providing the knowledge and expertise to address all aspects of PMPs. However, in order to continue to provide leadership and resources to the PMP community the Alliance needs the cooperation, assistance and support of each member.

Treasurer:
Teresa Anderson (ID)

Enclosed please find the invoice for your agency's or organization's 2011 Annual Membership dues. Your immediate attention to this is greatly appreciated.

Secretary:
Don Vogt (OK)

Membership dues are based on four categories of memberships as outlined in the Alliance Bylaws. The membership categories are:

Board Members:
Charlie Thomas (AL)
John Gadea (CT)
Cheryl Anderson (SC)
Pat Knue (TX)

1. Regular Membership (\$200.00): The agency or organization in a state or territory responsible for the PMP (voting membership; one regular membership per state or territory).
2. Affiliate Membership (\$100.00): An agency or organization in a state or territory that has a stated interest in a PMP but is not eligible for membership as a regular member (non-voting membership; multiples allowed per state or territory).
3. Affiliate Individual Membership (\$50.00): An individual representing a regular or affiliate member government agency or other organization that is not one of the above, but who has an interest in promoting PMPs (non-voting membership; multiples allowed per state or territory).

If you believe your invoice is for the wrong membership category, please contact Chris Baumgartner at assist@pmpalliance.org.

The Executive Board thanks you for your continued support of the Alliance. We look forward to continuing our work with you to make PMPs even more effective tools for protecting public health and safety.

Sincerely,

Katherine Ellis
President
